[Approved by Governor September 28, 2010. Filed with

LEGISLATIVE COUNSEL'S DIGEST

AB 1944, Fletcher. Vehicles: special license plates: disabled veterans.

(1) Under existing law, the Department of Motor Vehicles is required, upon application and without additional fees, to issue a special license plate or plates to a disabled person, a disabled veteran, or an organization or agency involved in the transportation of those persons pursuant to procedures adopted by the department. Existing law requires the department, prior to issuing a special license plate to a disabled person or disabled veteran, to require the submission of a certificate signed by a medical professional, as provided, that substantiates the disability of the person or veteran, in certain situations.

This bill, in addition, would require the department to accept, in lieu of the certificate signed by a medical professional, a certificate from the United States Department of Veterans Affairs that certifies the applicant is a disabled veteran.

(2) Existing law authorizes a disabled person or veteran to apply to the department for the issuance of a distinguishing placard to be used in lieu of the special license plate. Existing law requires the department, prior to issuing the placard to a disabled person or disabled veteran, to require the submission of a certificate signed by a medical professional, as provided, that substantiates the disability of the person or veteran, in certain situations.

This bill, in addition, would require the department to accept, in lieu of the certificate signed by a medical professional, a certificate from the United States Department of Veterans Affairs that certifies the applicant is a disabled veteran.

(3) This bill would incorporate changes in Section 5007 of the Vehicle Code proposed by AB 2777 that would become operative only if both bills are enacted and this bill is enacted after AB 2777. This bill would also incorporate additional changes in Section 22511.55 of the Vehicle Code proposed by AB 1855, or SB 1318, or both, to be operative only if AB 1855, or SB 1318, or both, and this bill are chaptered and become effective on or before January 1, 2011, and this bill is chaptered last.

The people of the State of California do enact as follows:

SECTION 1. Section 5007 of the Vehicle Code is amended to read:

SEC. 2. Section 22511.55 of the Vehicle Code is amended to read:

22511.55. (a) (1) A disabled person or disabled veteran may apply to the department for the issuance of a distinguishing placard. The placard may be used in lieu of the special license plate or plates issued under Section 5007 for parking purposes described in Section 22511.5 when suspended from the rearview mirror or, if there is no rearview mirror, when displayed on the dashboard of a vehicle. It is the intent of the Legislature to encourage the use of these distinguishing placards because they provide law enforcement officers with a more readily recognizable symbol for distinguishing vehicles qualified for the parking privilege. The placard shall be the size, shape, and color determined by the department and shall bear the International Symbol of Access adopted pursuant to Section 3 of Public Law 100-641, commonly known as the "wheelchair symbol." The department shall incorporate instructions for the lawful use of a placard, and a summary of the penalties for the unlawful use of a placard, into the identification card issued to the placard owner.

(2) (A) The department may establish procedures for the issuance and renewal of the placards. The placards shall have a fixed expiration date of June 30 every two years. A portion of the placard shall be printed in a contrasting color that shall be changed every two years. The size and color of this contrasting portion of the placard shall be large and distinctive enough to be readily identifiable by a law enforcement officer in a passing vehicle.

(B) As used in this section, “year” means the period between the inclusive dates of July 1 through June 30.

(C) Prior to the end of each year, the department shall, for the most current three years available, compare its record of disability placards issued against the records of the Office of Vital Records of the State Department of Public Health, or its successor, and withhold any renewal notices that otherwise would have been sent, for a placardholder identified as deceased.

(3) Except as provided in paragraph (4), a person is not eligible for more than one placard at a time.

(4) Organizations and agencies involved in the transportation of disabled persons or disabled veterans may apply for a placard for each vehicle used for the purpose of transporting disabled persons or disabled veterans.

(b) (1) Except as provided in paragraph (4), prior to issuing an original distinguishing placard to a disabled person or disabled veteran, the department shall require the submission of a certificate, in accordance with paragraph (2), signed by the physician and surgeon, or to the extent that it does not cause a reduction in the receipt of federal aid highway funds, by a nurse practitioner, certified nurse midwife, or physician assistant, substantiating the disability, unless the applicant’s disability is readily observable and uncontested. The disability of a person who has lost, or has lost use of, one or more lower extremities or one hand, for a disabled veteran, or both hands, for a disabled person, or who has significant limitation in the use of lower extremities, may also be certified by a licensed chiropractor. The blindness of an applicant shall be certified by a licensed physician and surgeon who specializes in diseases of the eye or a licensed optometrist. The physician and surgeon, nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist certifying the qualifying disability shall provide a full description of the illness or disability on the form submitted to the department.

(2) The physician and surgeon, nurse practitioner, certified nurse midwife, physician assistant, chiropractor, or optometrist who signs a certificate submitted under this subdivision shall retain information sufficient to substantiate that certificate and, upon request of the department, shall make that information available for inspection by the Medical Board of California or the appropriate regulatory board.

(3) The department shall maintain in its records all information on an applicant’s certification of permanent disability and shall make that information available to eligible law enforcement or parking control agencies upon a request pursuant to Section 22511.58.

(4) For a disabled veteran, the department shall accept, in lieu of the certificate described in paragraph (1), a certificate from the United States

Department of Veterans Affairs that certifies that the applicant is a disabled veteran as described in Section 295.7.

(c) A person who is issued a distinguishing placard pursuant to subdivision (a) may apply to the department for a substitute placard without recertification of eligibility, if that placard is lost or stolen.

(d) The distinguishing placard shall be returned to the department not later than 60 days after the death of the disabled person or disabled veteran to whom the placard was issued.

(e) The department shall print on any distinguishing placard issued on or after January 1, 2005, the maximum penalty that may be imposed for a violation of Section 4461. For purposes of this subdivision, the “maximum penalty” is the amount derived from adding all of the following:

(1) The maximum fine that may be imposed under Section 4461.

(2) The penalty required to be imposed under Section 70372 of the Government Code.

(3) The penalty required to be levied under Section 76000 of the Government Code.
